SKILLS

- Hadoop, Spark, Pig Latin
- React, Node.Js, MongoDb
- Flutter, Dart, Supabase
- REST API, Python,C++
- HTML, CSS, JS, TS

STRENGTHS

- Teamwork and Adaptability
- Leadership & Communication

HOBBIES

- Listening Music
- Watching Movies

PROFILE

I am an enthusiastic and detail-oriented software developer with practical experience in Flutter and Dart through academic projects. I excel in building cross-platform mobile applications that prioritize user-friendly interfaces. With a strong foundation in web technologies like HTML, CSS, and JavaScript, and hands-on experience in e-commerce and educational systems, I thrive in collaborative environments where I can contribute to the development of scalable, high-performance applications

PROJECTS

E-commerce Shopping Application :- 10/2024 - 11/2024

- Developed a cross-platform e-commerce mobile application using Flutter, Riverpod, and Firebase
- Facilitated seamless online shopping experiences with features such as product listings, user authentication, and secure payment integration.
- Leveraged Flutter for a responsive and intuitive Ul across Android and ios Used Riverpod for efficient state management and improved application scalability
- Integrated Firebase for real-time database management, authentication, and cloud functions Ensured high performance and smooth user experience through optimized Flutter components

Barber Appointment App:- 02/2025 - 04/2025

- Developed a cross-platform barber appointment management application using Flutter, Supabase, and Riverpod
- Streamlined booking processes with features like appointment scheduling, barber availability tracking, and automated notifications
- Leveraged Flutter to build a visually appealing and responsive Ul for both
- Android and ios
- Used Riverpod for efficient and maintainable state management throughout the app
- Integrated Supabase for backend services including authentication, real-time database management, and API handling
- Ensured smooth performance and scalability with cloud-native architecture
- Delivered a reliable solution for both customers and barbers to manage appointments with ease

Weather Application:-

- Built a weather app that integrated the OpenWeather REST API to display real-time weather conditions with location-based search.

EDUCATION

Master of Computer Application
PES University - Bengaluru
2024 - Present

Bachelor of Computer Application
NIMS University - Jaipur
CGPA: 8.5
2021 - 2024

12th
D.G.S.S Inter College - Bokaro Steel City
Division: 1st
2019 - 2021

10th
Bokaro Ispat Vidyalaya 6/A - Bokaro Steel City
Division: 1st
2017 - 2018
